Honorable Martin Glenn
United States Bankruptcy Court
Southern District of New York

To your Honor,

I am sending this letter due to the extreme hardships faced with my Coinbase Distribution. I am currently a resident of Sri Lanka and created my Coinbase account while studying in Australia in 2017 and I had not used it since 2018. Upon the approval of Chapter 11 proceedings, I updated my address on Coinbase to Sri Lanka as the filed documents showed Coinbase as a distribution agent for Sri Lanka. However, Coinbase is not supported in Sri Lanka and trying to create a new account would result in an error saying, "Country Not Supported". Having trusted the filed documentation, I updated my address to Sri Lanka on Coinbase and my account got immediately locked and sometime later I got an email saying I received funds to my Coinbase account from Celsius LLC and that my account would be closed on 29th Feb. I have been in constant communication with Coinbase Support for almost a month without any advancement. I have submitted my, License, my ID, my passport and a bank statement and yet Coinbase refuses my address/ID verification citing "Unspecified Failure". I humbly request the court to mandate Celsius to provide myself and others in similar situations with a fair, prompt and genuine distribution of our funds.
